WOSB, WBE and MBE Certifications

**WHO WE ARE:**

**IIMCO ENTERPRISES LLC** is a certified California Small Business (Micro & PW) with over **25 years** of experience in contract administration, manifesting strong proven performance and significant project management experience.

We offer a variety of services through a quality management system that ensures consistency with the goal of understanding clients' core necessities to optimize their business performance.

We are a customer-focused, quality-driven organization that utilizes experience-based feedback to embed long-term benefits, build relationships and achieve operational transformation while ensuring sustainable cost reductions.

We successfully managed 100 to 150 projects every month (T&M, fixed price and Cost Plus) from inception to closeout adhering to contract requirements and specifications with a budget ranging from approximately \$10,000-\$10,000,000.

Responsible for managing and executing local and state contracts for a small startup demolition company starting with less than \$50,000 in revenue and growing to doing more than \$50M monthly revenue in 5 years.

Highly resourceful Certified Agile Coach for multiple teams with more than 14 years of experience in delivering IT infrastructure, App development and App upgrade projects. An evangelist for Agile methodologies; effectively transforming organizations via Scrum/Agile and scaled Agile Framework (SAFe) to attain a good grasp of the agile methodology, best practices and reach stability in delivery.
